Fill out disposal form [http://www.pcdisposals.com.au/bcr/disposal\\_form.html](http://www.pcdisposals.com.au/bcr/disposal_form.html)

Formed in 2004 as part of Brisbane Computer Recyclers, PC Disposals has grown considerably. Originally we were only recycling 1 - 2000 kgs of eWaste a month but thanks to responsible businesses in Brisbane we are now recycling a huge amount every month.

We recycle from between 23,000kgs to 30,000kgs a month of discontinued, unwanted and ex-lease computing which is accepted from the business sector in Brisbane, and approximately 3 - 5,000 kgs from the general public

Brisbane Computer Recyclers/ PC Disposal offers recycling services that allow you to recycle your old or outdated computer equipment. Fast, affordable, and easy to use, this service provides you with a safe and environmentally friendly method to recycle or dispose of your old or outdated computer equipment. We offer proper disposal, you may not be aware of how to properly dispose of old computer equipment in accordance with legal and environmental regulations we can assist in transportation, flexible logistics and data destruction.

Whatever the quantity, quality and location of your old or outdated computer equipment we will accept or assist in the removal of your unwanted equipment. Refer Our Conditions.

Let us organize pick up and disposal of your unwanted equipment at no cost to your company or institution We accept items from the general public. Computing can be dropped off at our warehouse at 3/49 Donaldson road Rocklea during business hours Monday to Friday Our policy has always been to recycle unwanted equipment rather than it becoming landfill. We break up the unusable IT components and what ever we cannot use we send it to charity or the Unused parts are disposed of responsibly via local metal and plastic reclamation facilities.

## Data Destruction

We are a registered Queensland second hand dealer Qld Number **3073683**.

All computers received by us have harddrive data destroyed using a three pass read/write G Disk wipe method, there is no charge for this service and paperwork is issued on request.

Brisbane Computer Recyclers/ PC Disposal Recycling offers multiple levels of data destruction. A harddrive disk wipe is performed as standard on all on working systems collected. If additional data destruction is required, there are three service levels depending on customer needs.

**Level 1** : Three pass read/write using G Disk equivalent. ( Standard Wipe )

**Level 2** : Seven pass read/write using G Disk or equivalent.

**Level 3** : Physical disk destruction.
